**Subject:** Re: ICE FOIA Request 2018-ICFO-56011

Good morning,

Exhibit P

It appears that more than 30 business days (the standard 20 days, plus the invoked 10-day extension) have elapsed since ICE received the Aug. 3, 2018 request referenced below. For that reason, I kindly ask that ICE provide the responsive documents promptly. If ICE is unable to do so, I request that the agency explain the circumstances which prevent the timely disclosure and, per 5 USC § 552(a)(7)(B)(ii), provide an estimated date of completion.

Sincerely,

Jeremy Singer-Vine

Good morning,

Thank you for replying. I do request, however, that ICE comply with 5 USC § 552(a)(7)(B)(ii), which specifically states that **"each agency shall"** upon demand provide **"an estimated date on which the agency will complete action on the request"**.

CC'ing Matthew Schafer, legal counsel to BuzzFeed News.

Sincerely,

Jeremy Singer-Vine

Good Morning,

Please be advised that ICE processes requests on a first in, first out basis. The timing for requests varies greatly depending on the number of requests received and the scope of requested records.
